Company name [   ]

Company address [   ]

Student's position [   ]

Knowledge

Was student's knowledge of mathematics, physics, electronics and telecommunication sufficient for this internship?

☐ No   ☐ Partially   ☐ Yes   ☐ Internship did not need it

Was student's knowledge of algorithms, computational complexity and artificial intelligence sufficient for this internship?

☐ No   ☐ Partially   ☐ Yes   ☐ Internship did not need it

Was student's knowledge of IT systems architecture, operating systems and embedded systems sufficient for this internship?

☐ No   ☐ Partially   ☐ Yes   ☐ Internship did not need it

Was student's knowledge of development of IT systems, databases and computer graphics sufficient for this internship?

☐ No   ☐ Partially   ☐ Yes   ☐ Internship did not need it

Was student's knowledge of IT systems lifecycle, software engineering and IT projects profitability sufficient for this internship?

☐ No   ☐ Partially   ☐ Yes   ☐ Internship did not need it

Was student's knowledge of authors' rights, entrepreneurship and business ethics sufficient for this internship?

☐ No   ☐ Partially   ☐ Yes   ☐ Internship did not need it

Skills

Was student's ability to read and write specification, preparing presentations for clients and pricing of software features sufficient for this internship?

☐ No   ☐ Partially   ☐ Yes   ☐ Internship did not need it

Was student's ability to use IDEs, RDBMSes, testing environments and debugging sufficient for this internship?

☐ No ☐ Partially ☐ Yes ☐ Internship did not need it

Was student's ability to create mathematical models and solve business problems with known algorithms for them sufficient for this internship?

☐ No ☐ Partially ☐ Yes ☐ Internship did not need it

Was student's ability in code optimization, multithreading programming and testing the efficiency of software sufficient for this internship?

☐ No ☐ Partially ☐ Yes ☐ Internship did not need it

Was student's ability to use operation systems' APIs, database, ORMs and WebServices sufficient for this internship?

☐ No ☐ Partially ☐ Yes ☐ Internship did not need it

Was student's ability to create GUIs (including web applications) and skills in computer graphics sufficient for this internship?

☐ No ☐ Partially ☐ Yes ☐ Internship did not need it

Was student's ability to maintain servers and network infrastructure (including maintaining proper security) sufficient for this internship?

☐ No ☐ Partially ☐ Yes ☐ Internship did not need it

Was student's ability to use software versioning tools, continous integration environments and writing unit tests sufficient for this internship?

☐ No ☐ Partially ☐ Yes ☐ Internship did not need it

Social skills

What do you think was student's awarness of possibility of training and certification?

☐ Low ☐ Medium ☐ High ☐ Could not tell

What do you think was student's awarness of negative consequences (catastrophes) of ill developed IT systems?

☐ Low ☐ Medium ☐ High ☐ Could not tell

What do you think of student's communication skills, ability of cooperation with team and clients and ability to deliver project artefacts on schedule?

☐ Low ☐ Medium ☐ High ☐ Could not tell

Notes on student preparation and the course of practices:

Student's manager signature and company stamp
